MUST HAVE

WEG

WEG-SUPER

WEG-RED

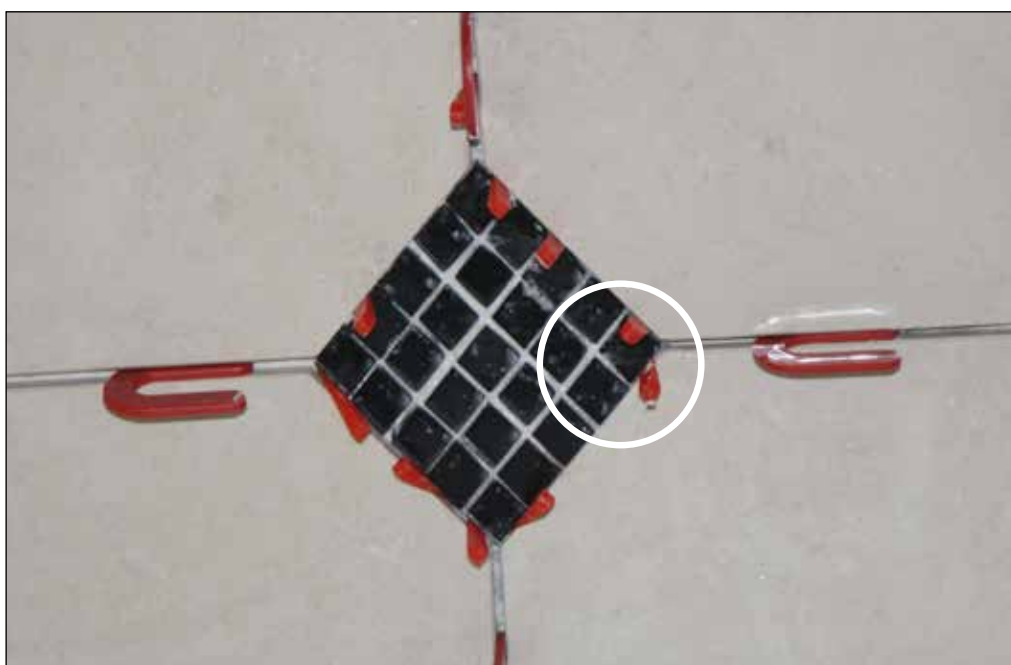

WEG-FAB

WEDGE DETAILS

Wedges are needed on every job from large format tile to tumbled stone. We have a full selection to fit your needs. Wedges are often used with horseshoe spacer shims to level tile and stone.

The most popular is the wedge-red. The wedge-red has a sharp tip and long taper.

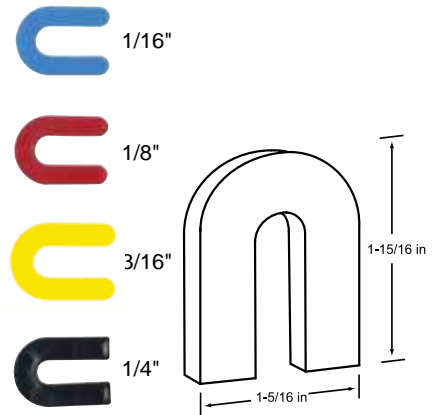

HORSESHOE SPACER SHIMS

ITEM		SIZE	SIZE (Inch) L x W x H	COLOR	QTY	CASE
1/16"						
SHIM-1-1-6	521253	1/16"	1/16 x 1-15/16 x 1-5/16	Blue	200	12

1/4"						
SHIM-1-4	521255	1/4"	1/4 x 1-15/16 x 1-5/16	Black	100	24

MUST HAVE

WEDGE DETAILS

Horseshoe spacer shims have taken over the spacer market.

- Easy to remove
- Will not compress when stacking walls
- Work well with wedges
- Great for filling a void under slab
- Available in 4 sizes: 1/16", 1/8", 3/16", 1/4"
- Wide jar for easy storage and access

MUST HAVE

SPACER DETAILS

We have been selling hard spacers for over 20 years. In Europe this is the standard.

- The 1/16" are solid
- The 1/8", 3/16" and 1/4" are perforated to let the thin set through

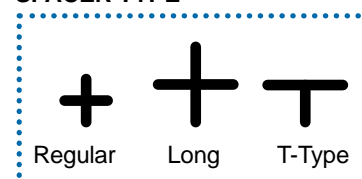

FLEX TILE SPACERS

- All spacers are identical and precise
- Do not accept substitutes

KNEE PADS

NEOGEL SERIES

These Gel Series knee pads use advanced technology to ensure maximum comfort and endurance. The NEOGEL core allows for a soft feel and even weight distribution while the neoprene liner keeps your knees cool, dry and comfortable while you work. There are two styles of caps available depending on your work environment. An ARMORTEX cap is featured on the Series 1 which provides superb abrasion resistance, great flexibility and perfect grip. Also available in the water-resistant rubberized cap designated with a "R".

SERIES 1 (R)

- Series 1 with rubberized front

ITEM		CASE
GEL1R	540599	6

MUST HAVE

SERIES 1

- Series 1 with ARMORTEX front
- Same as 1R without the rubber front

- Consistency: Paste
- Curing time: 10-20 minutes

Description: Fast setting, multi-purpose adhesive/filler for porous natural stones. It is colored to match most travertines and will not change color during the curing process. Non-sagging formula allows usage for vertical and horizontal applications.

ITEM		SIZE
TF-QT	563939	Quart
TF-GAL		Gallon

POLY EPOXY

TRANSPARENT KNIFE GRADE POLY EPOXY

- 15% stronger than polyesters
- Translucent, non-sagging and fast-setting
- Cured with 2% - 4% paste hardener
- Indoor use only
- Consistency: Paste
- Curing time: 10-20 minutes

Description: 15% stronger than polyesters. Fast setting and easy to use, polyester adhesives are the workhorse for natural stone filling and laminating. An excellent choice for indoor applications with porous granites and marbles.

ITEM		SIZE
PEKG-QT	545376	Quart
PEKG-GAL		Gallon

EPOXY

1:1 KNIFE GRADE EPOXY

- 1:1 Parts A and B
- Indoor / Outdoor
- Consistency: Paste
- Curing time: 2-4 hours

Description: A 1:1 mix ratio epoxy with fast thin film curing and very low color. Best suited for granite laminations, this paste adhesive is easier to mix than conventional 2:1 systems.

ITEM		SIZE
ETKG-QT	561895	Quart
ETKG-GAL		Gallon

COLORING PASTE

- Compatible with: Polyester, Acrylics, Epoxies
- Available in: White, Black, Red, Red-Brown, Ochre, Green, Blue, Brown, Buff, Gray and 10 pcs kit.

Description: Coloring pigments dispersed in a resin solution. Excellent for use with all types of adhesive formulations.

SHANK ADAPTER, SUCTION RINGS & GUIDE

DRILLING TIPS

- Get the tool started and keep the tool wet while you drill
- Often times high-quality diamond core bits come with low-quality pilot bits. The best way to remedy this is not to use the pilot bit at all
- Remove the pilot bit and use a suction guide or plywood template to hold the tool in place
- Once the hole is started, remove the guide, and place a suction ring over the hole and fill it with water
- Be sure to ease the drilling pressure every few seconds to remove slurry and allow the water to penetrate
- Always remove the core bit straight out of the hole and always drill perpendicular to the surface

IN GENERAL

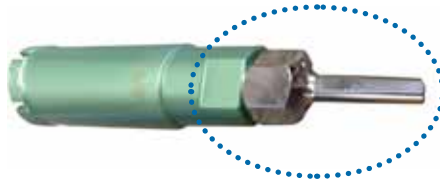

- When using a core bit, the faster the RPM, the less time it will take to drill the hole
- An angle grinder or polisher spins much faster than a drill
- Always keep your hole saw, core bit or drill bit wet while drilling
- Never drill at an angle

Suction Guide

Suction Ring

SHANK ADAPTER

- 5/8-11 thread to 3/8 shank adapter

ITEM		SIZE (Inch)
CORE-5811	544552	5/8-11 to 3/8

MUST HAVE

SUCTION RINGS

- The suction ring keeps your hole saw or drill bit cool and lubricated
- Push down and fill with water

ITEM		SIZE (Inch)
SUC-RING-S	521256	1-1/2
SUC-RING	521257	3

MUST HAVE

SUCTION GUIDE

- The suction guide keeps your hole saw or core bit where you want it while starting the hole
- No more pilot bits!
- Remove once hole is started, use a suction ring while drilling
- For holes up to 3-1/4 inches

ITEM		SIZE (Inch)	CASE
SUC-GUIDE	521266	Up to 3-1/4	6

HYPER CUT TECHNOLOGY DERIVES FROM ALL THE INFORMATION WE HAVE COMPILED ON DIAMOND BLADES OVER THE PAST 35 YEARS. WE HAVE CREATED THE BEST ALL-AROUND BLADE WHEN YOU COMBINE PERFORMANCE, LONGEVITY, SPEED AND COST. OUR IMPROVED 1000, 1500 AND H SERIES BLADES ARE THE BEST PERFORMING BLADES WE HAVE EVER MADE. ALL BLADES ARE MADE WITH PRECISE BOND FOR MAXIMUM LONGEVITY, ACCURACY AND SPEED.

**BEST BLADE
EVER!**

H SERIES

- Fast-cutting, longest life, chip free
- Ideal for very hard material
- Best for porcelain, granite and hard dense floor tile

ITEM		DIAMETER	ARBOR

About A.Bottini Enterprises Inc.

1975, a junior in high school, my dad had an old welder in the garage. I taught myself to weld and built my first setting rack and paddle mixer. Over the next several years, I expanded my line all in my parents' garage. As I brought on new tools over the next 20 years, I personally tested and modified every single tool to work efficiently and be cost effective, always striving to keep the values my parents taught me.

In 1990, I built a bicycle for my daughter — *Allycat Bicycles, Inc.* This forced a trip to Asia to discuss manufacturing. The market in the United States at the time was quickly changing and this opened my eyes to begin manufacturing quality tools in Taiwan and China. Manufacturing off shore allowed A.Bottini Enterprises to be competitive and allow grow in our market in the United States.

Throughout the 90's, with the help of a childhood friend and Import Specialist, we rounded out our line as I designed new products. Our dealer network also started to expand with us. With the steady growth, I have met many exceptional people — Yes, they are customers but also friends.

In 2000, A.Bottini started to evolve into a national company (that continues to answer phones). Throughout the next decade we have grown to over 1,000 wholesale customers, maintaining the small company feel and service.

As the decline hit in 2007, we have had to work harder than ever before. We endured an 80% drop in sales at the lowest point. I was shaken at my core. We actually lost money for the next 4 years. In 2011, more drastic measures needed to be taken. We refused to roll up the sidewalks. We relocated to a larger facility in Gilroy, CA.

Currently, my wife Pepper, is back in the office every day overseeing operations. She serves as our President, CFO and COO. My daughter Ally came on board to help out and revamp our sales model and update our company into the second generation. Ally has found that the family business is in her blood and she is transitioning into a leadership role.

As of now, our team is strong, business is growing thanks to Ally and our valued Sales Reps. We have an entirely new second generation look, thanks to Ally. As we go forward, we will never forget the loyal customers we have served throughout our 37 years. Wow, that's a long time and my gray hair shows it!

As many of you know, Ally and I still visit customers and help setting up stores when the time permits. We will gladly pick up the phone any time. With our values in place, we strive to offer great tools at great price.

Anthony Bottini, CEO

TERMS & CONDITIONS

All sales are subject to the following terms and conditions:

TERMS

We offer thirty (30) day terms to our customers with credit application approval. Current bank interest rates will be charged to overdue accounts. If customer runs late on payments, A.Bottini Enterprises has the right to change terms to credit card. Should suit be needed on outstanding balance, customer will be responsible for cost of collection and Attorney fees.

FREIGHT POLICY

Freight is prepaid on orders shipping Fed Ex totaling **\$850.00**. Motor freight prepaid shipping is **\$1500.00**. These items include but are not limited to: Large Mixing Boxes, Floatstrips, Buckets and all items over 8 feet. NO prepaid freight to Hawaii/Alaska.

* Fuel surcharge applies to items where excessive weight and dimensional considerations would be a factor such as backer board screws, mixing tubs, screeds, and pan liners.

CLAIMS FOR DAMAGED GOODS

Merchandise damaged in transit, must be claimed with the shipper at time of delivery. If the shipment packaging shows visible damage, report it to the driver. Please retain damaged material, as an inspection is often required when claim is filed. Then call A.Bottini Enterprises to let us know the day you receive the goods.

CLAIMS FOR MISSING GOODS

Merchandise shipped will include a packing slip and a bill of lading that provides a list and count of items included in your shipment. When you sign for a delivery, you are verifying all boxes and items are included. **All claims must be reported to A.Bottini Enterprises within 3 days of receipt of shipment.**

DEFECTS

All defects must be notified to A.Bottini Enterprises. A.Bottini will need to inspect product for damage or defects, before credit or replacement will be issued.

RETURNS

No returns will be accepted without an RMA from our office. No special order items may be returned. Merchandise that has been discontinued cannot be returned.

All prices are subject to change without notice.

OUR LIMITED WARRANTY

A.Bottini warrants to the original purchaser for a period of 90 days except as noted, from the date of purchase all products covered by this warranty to be free of defects in materials and workmanship.

This warranty shall not apply to any parts that have been subjected to misuse or improper service, that had been damaged in transit or handling, or that have been altered or repaired by unauthorized representatives. This warranty does not cover defects caused by or resulting from misuse, abuse, neglect or damage caused by accident or the failure to provide reasonable maintenance. This warranty is void if the product or any of its individual components is altered or modified by the purchaser or if the product is used in a manner or with a blade not recommended by the manufacturer.

Any claim arising under this warranty must be submitted by the original purchaser within the warranty period specified above, and shall include proof of purchase and RMA number. During said warranty period, A.Bottini shall, at its option, either replace or repair, at no charge to the original purchaser, any parts or components that are found to be defective by A.Bottini. A.Bottini shall not be responsible for or obligated to pay for freight or other transportation related costs or expenses in connection with any defective products or components that are returned to A.Bottini.

Parts and labor needed to maintain products and the replacement of components due to normal wear and tear are the purchaser's responsibility and are not covered under this warranty. All products or components replaced under warranty become the property of the manufacturer. All replacement parts will be considered to be part of the original product and any warranty on such parts will expire coincidentally with the original warranty. A.Bottini will pay for parts and labor in connection with warranty repairs conducted by A.Bottini.

The foregoing constitutes and expressed warranty on the terms set forth above and is the only warranty or warranties applicable to the products it covers.

To obtain RMA number please contact A.Bottini at 408-843-9888.
